Connecticut-based artist Patricia Laspino has been invited to be a guest speaker to deliver a “TED talk” at a prestigious TEDx event in Glastonbury, CT on April 29, 2011. Patricia will be speaking on “*Bridging Art and Science through the Art of Awareness*”. Some of her paintings will be exhibited on location during the event.

TED is a non-profit devoted to “Ideas Worth Spreading”, which began in 1984 as a conference bringing together people from three worlds: Technology, Entertainment, and Design. TED believes passionately in the power of ideas to change attitudes, lives and ultimately, the world. Patricia Laspino’s *Orchid Alliance Project-Bridging Art & Science* shares a similar mission. TEDx talks are produced before a live audience and are made available to the world free of charge through the internet.
